Description:  

Warner School standards and proficiencies for all teacher candidates

Based on your observation of the candidate throughout his/her student teaching experience, please indicate the extent to which the candidate has achieved each of the following proficiencies, which all Warner teacher candidates are expected to demonstrate before they can graduate from their program.

In your evaluation of each target proficiency, please use the following rubrics:

- **n/o:** Not observable – The context for the student teaching experience was not appropriate for providing evidence for this standard. (Whenever this option is not acceptable – i.e., you must provide your assessment – we have indicated it by blackening the corresponding cell)
- **Insufficient** – i.e., the candidate has not attained the proficiency in question and you are not confident that further experience would have a significant impact on his/her performance; furthermore, the candidate’s inability to demonstrate this performance is likely to: harm students or compromise their ability to learn in the classroom; disrupt the work of the cooperating teacher and/or be detrimental to the relationship between the cooperating school and Warner.
- **Emergent/needs improvement** – i.e., your professional opinion suggests that the candidate has the potential to demonstrate this proficiency, but you have not seen evidence of its achievement yet, or performance in this area has been variable and inconsistent (but you have no worry that the candidate will be a danger for students or a burden to a cooperating teacher).
- **Basic proficiency** – i.e., the candidate is able to demonstrate the target proficiency at a minimum level, to the extent that one would expect from a novice/beginning teacher.
- **Outstanding performance** – i.e., the candidate has demonstrated the target proficiency in a consistent and skillful way, thus demonstrating that he/she is highly capable in this area and exceeds the minimum expectations for a novice/beginning teacher.

**NOTE:** Candidates with 1 in any category may be dropped from the program; candidates in their second student teaching experience with 2 in any category will be required to extend this experience until they can demonstrate this proficiency; only candidates with a score of 3 or 4 in each proficiency will be allowed to pass their second student teaching experience and graduate from the program.
