Warner Students,

Today we had a walk through by facilities to review a final checklist of items that need to be in place to open LeChase Hall. We are in good condition, but still have a couple of items that we are waiting for facilities to install (wall mounted hand sanitizer, signs, etc). What this means is we are now anticipating the building will be available for swipe access with your UR ID mid-August.

Please keep in mind that while the building will be accessible at that time, faculty, staff and students will be strongly encouraged to work from home as much as possible and to come to LeChase Hall on a limited basis for essential work and services that cannot be accomplished remotely. Since faculty and staff will be working remotely, please email any person or office you need assistance from to make arrangements for a meeting or receive support/information. Do not assume that offices will be staffed.

As part of preparing for the Fall semester (whether you will be coming to campus or not), all faculty, staff and students should complete the following:

- [Take a Covid-19 Safety Class \(required\), available in MyPath for faculty and staff and on Blackboard for students.](#)
- [Review and show your #URCommitment to act in the best interests of our collective health and safety.](#)

Any day that you will be on campus, you must complete the [Dr. Chat Bot Health Screening](#).

I hope you are all safe and well. **We will send updates as we have them.** If you have any questions or concerns, please reach out to myself, your advisor or any other Warner team member. We look forward to seeing you all over zoom soon.

Sincerely,
Sarah
